I encountered an error saying "Sniper: Ghost Warrior Contracts cannot be installed" and the game didn't open. Are there any solutions? A: I had the same problem and found the solution in this post (Reinstall the old version of the dll file); start the game and quit open the configuration file "SGW Contracts2.cfg" Edit the line: "Dll_Folder"="." in the file and click the Settings button delete the line "Dll_Folder"="." open the configuration file and press the Save button you will probably get another error ("Dll_Folder already exists".) just close the file and quit the game reopen the configuration file change the "Dll_Folder"="." line delete the line "Dll_Folder"="." again and save quit the game reinstall the game (make sure to keep your old folder and extract the game to your original folder) A: I had the same problem but instead of deleting the whole line, I just changed the name of the line. To delete the line, follow these steps: Start up the game. Close the game. Go into the configuration file (normally in your Documents folder) called "SGW Contracts2.cfg". Double-click the specific line (in my case, Dll_Folder="e:\MyApp"). The line will highlight green. Delete the line (using the X button at the right hand side of the line) by pressing Enter. Press save (the file is a. 1cb139a0ed
