During the game, you must choose between the success of your mission and the lives of your people. Brothers in Arms boasts authentic battlefields and gear, . If you are looking for a real sniper simulator, then you have already found it. In the game, you can choose one of several missions and try yourself as a sniper. You can also choose between shooting with rifles or sniper rifles. But, in essence, you only need one thing - just aim and shoot to kill your opponent. But don't think it's easy. On the battlefield, you can find a lot of targets to kill, and this is also one of the best features of the game.
