You are a Free Notepad++ user and want to keep things simple? Look no further than Notepad++. It is a lightweight text editor that you can use to edit text files and supports a large number of filetypes.

Support us and share your ideas! If you have any ideas or suggestions for a new feature in Notepad++, feel free to send them to us! We read and evaluate every single idea, even if it's not implemented right now. Here are some other ways to get in touch with us:
The Brothers Rush For the 1967 album see The Brothers Rush (album). The Brothers Rush were a comedic English singing trio, a spoof of The Beatles. They were described in one review as "the most successful imitation of The Beatles that was attempted by anyone

else". They had a 1968 novelty record "You Say You Want A Revolution" and an unreleased album. Their name comes from the brothers Rush who played John and Paul in the first movie version of On the Buses and they also performed the song "Liverpool Waltz". References

groupsQ: Unable to change the color of an image drawn in a canvas using `context.globalCompositeOperation` I am currently drawing a square on a canvas (image) and then I want to change the color of this square using the composite operation. The `context.globalCompositeOperation` doesn't seem to work. Below is my code for drawing the image: `var context =`

```
canvas.getContext('2d'); context.lineWidth  
= 5; var canvas = document.getElement
```

Download: 12 Office Icons Set - Everyone
deserves a break!Office Font is a new
typeface designed to be used as the
typeface of a whole set of icons, so you
can use it across a whole set of
applications, websites and documents. The
result is that you can use one typeface to
create a complete look for a whole set of
things, for example using the icons in this
set as buttons in your app, or as icons for
files. It is a highly scalable, stylized
typeface with many alternative versions in

both Bitstream Vera and Myriad Pro families. Each icon is provided in a number of different sizes, with transparent backgrounds and matching file-format versions (ico, png, svg, eps, ttf).
