What's New in the?

Cute Cursors for Chrome is a cheerful

Chrome extension that aims to make your day a bit more colorful while browsing for stuff. Choose a cursor from a decent collection of models. Enrich your collection with dozens of new cursor skins and beef up the pointer's size. Each cursor has two shapes that emulate the simple arrow pointer as well as the hand. Cute Cursors for Chrome Screenshots Cute Cursors for Chrome Review George - Monday, 03 December 2013 10:06:49 AM 1. Title 2. Rating 3. Date Reviewed 1. Title: Cute Cursors for Chrome 2. Rating: 3. Date Reviewed: Monday 03 December 2013 This is a rather amusing extension. Its for chrome and it allows you to change the default system cursor shape to one of a large collection. However it is a somewhat barebones extension. All it does in the collection options is present you with several categories of cursors. An arrow,

hand, and arrow pointer are present. Once you change a cursor using the drop down menu, it is applied to the cursor shape. As the cursor updates, new cursors from the same category are added to the list. In other words, all the cursors present in the extension at the time of this review are made available in the collection list. The collection list is cleanly organized. It has the ability to "swap" cursors in and out of a collection. If you get bored of one of the cursors in a collection, simply drag it to the "favorites" collection and continue browsing. Overall the extension is a rather amusing one. It has potential, as you are able to create your own custom cursor! This is a rather amusing extension. Its for chrome and it allows you to change the default system cursor shape to one of a large collection. However it is a somewhat barebones
