and build their own all-star teams from the best players around the globe. Starting in June 2014, all clubs will have the opportunity to customize their jerseys and name the back of the jersey in FIFA Ultimate Team, offering a greater sense of ownership for teams and players alike. New Tournaments

The FIFA Seasons™ begins in June 2014. For the first time, players can choose to start and end their FIFA Seasons in any month from May to August. Each quarter of the FIFA Season takes place on successive weekends, allowing fans to follow the competition throughout the year. In each tournament, FIFA Ultimate Team™ players can invite their friends to join their Ultimate Team, creating a new social experience for fans. Fans who

---

participate in a tournament can earn rewards such as coins, Unique Tournaments, Presented by EA SPORTS titles and more. The more tournaments a player participates in, the more rewards he or she is eligible to earn. FIFA Ultimate Team Players can invite their friends to join their Ultimate Team. Feature Highlights Men's Player Ratings The Men's Player Ratings are a series of values that help players rate other players. The ratings system takes into account key performance indicators to help players rate their opponents. All ratings will be displayed on player cards in FIFA Ultimate Team™. FIFA 22 will feature four player ratings: Rating A (Premier League), Rating B (Championship), Rating C (League 1 and 2)

---

and Rating D (non-league). Rating A and B will be based on technical ability and in-game experience; Rating C and D are based on social interactions and game settings. A new feature, the Analysis tool, will help fans to analyze matches at a deeper level.

**Analyze Game** The first step for fans is to install FIFA 22's Match Analysis tool and choose the match that they want to analyze. Fans can access Match Analysis by selecting the "Analyze Game" button in the live action section
