Q: Mule ESB Repository I'm currently using Mule 3.2.1 and I'm using a Maven project, but I'd like to migrate to Mule Studio for the project I'm working on. I'm currently working with a Mule ESB 3.2.1, and I have a few questions about using Mule Studio. Is there a way to migrate the messages repository to Mule Studio? Is it possible to use the Mule Studio as a deployment tool for Mule? If not, can I also use the Mule Studio as a deployment tool for Mule services and Mule ESB? Is there a way to use Mule Studio as a tool for the "Linked Jars" of Mule? A: You can move your messages repository from Mule ESB to Mule Studio by following the steps in the following link: Mule Studio is not a deployment tool for Mule. It's just a "Visual Studio" like tool to program in Mule. Torture Torture: 'I would not oppose doctors' There are some doctors who agree with the American Medical Association that torture of prisoners is justified, and that the AMA should support legislation or court rulings making it legal. One is Dr. Sanjay Gupta. In an interview with the San Francisco Chronicle last Friday, the well-known Indian-American surgeon and CNN medical correspondent said: "Many psychiatrists, many people in the medical 6d1f23a050
