Rosetta Language Pack

the rosetta stone® language learning software (rs-lls) rosetta stone homeschool is the same, but different. the software has been re-designed to be "homeschool ready". the user interface is friendly and intuitive. where it gets different is it is now a subscription service. that means that you do not need to purchase a new computer to use it. you just pay for the software once and you can use it for the next 10 years. the software will continue to work on your computer. you can have as many students as you want and you can all use one license. you can save the program to a thumb drive to take it on the go. the rosetta stone® language learning software (rs-lls) rosetta stone homeschool is the same, but different. the software has been re-designed to be "homeschool ready". the user interface is friendly and intuitive. where it gets different is it is now a subscription service. that means that you do not need to purchase a new computer to use it. you just pay for the software once and you can use it for the next 10 years. the software will continue to work on your computer. is your trusted source for online learning. we offer the latest and greatest programs for homeschoolers, including a subscription to rosetta stone! we also offer a free trial of our online learning program, so you can see if it's right for your family. plus, when you purchase through us, you can receive a discount! we'll also keep you up to date on the latest news and events that are important to homeschoolers. rosetta stone is one of the best language-learning programs available. it's not perfect though. some people are sensitive to the recorded speech. the program can be confusing when you're trying to figure out how to use a given function. and you can't transfer your learning to a paper textbook. you can, however, use the program to teach yourself a language at your own pace. 5ec8ef588b
